Welcome *to* The Crystal Information Card Collection

This collection was designed to be more than
just a set of printable cards.

This collection was created to help crystal shops and spiritual small businesses add something a little more thoughtful to their customer experience.

Inside, you'll find 400 crystal information cards, each paired with one of my own hand-illustrated crystal drawings and designed in a soft, printable format that works beautifully for orders, displays, gift boxes and market stalls.

The aim was to create a collection that feels useful, beautiful and easy to make your own — whether you're tucking cards into online orders, styling your shelves in person, or simply looking for a more cohesive way to present your crystals.
